#### **You Are Invited To Our “Sink Our Ship” Party Fort Pierce, FL – (October 28, 2011)**

May Day, May Day, all hands on deck for the “Sink Our Ship” party at the Pelican Yacht Club on Friday, November 11<sup>th</sup>. This fundraising event benefits the Sea-Life Habitat Improvement Project (known as SHIP). SHIP is a 501.c.3 public charity with a mission to deploy a large Navy type ship off the Treasure Coast as an artificial reef.

“We are a relatively new public charity and this is our first major fundraising event,” said Andy Brady, President of SHIP. “We truly support all of the artificial reef and oyster reef restoration projects on the Treasure Coast and this project is designed to complement those ongoing projects. We have assembled a phenomenal board of directors and planning committee. There is no doubt that we have the right people at the table to reach our goal.” It is anticipated that this will be a 6-8 year project and will rival projects such as the Spiegel Grove and Vandenberg Reefs in the Florida Keys.

This party will feature many silent auction items, an ensemble from the Ft. Pierce Jazz Society, Psychic Reader Nellie and special guest Capt. Bob Boculas the Famous Sponge Diver and Treasure Hunter. Party begins at 6pm. Tickets are \$50 per person and available at the Ft. Pierce City Marina, Whiticar Marine Service @ Harbortown Marina and St. Lucie Outboard Marine. Sponsored by JACK FM. You can RSVP by calling April Price at (772) 285-1646, e-mail; [shipinc.slc@hotmail.com](mailto:shipinc.slc@hotmail.com) or go to our website at [www.SinkOurShip.org](http://www.SinkOurShip.org). See you at the party!
